

ATTENTION ALL DEMO PEOPLE

PICKUP TRUCK DEMO BACK FOR 2017!!!

After much consideration, I have decided to try the Pickup Trucks one more year. We have had very little interest in the past two years, and the decision was made to drop the class. Recently I have been called by at least seven people inquiring about a truck demo. I have decided to try one more time in 2017 to get some interest in running pickups and having their own demo derby. If there is very little support for pickups this year, I will make a decision to drop them next year.

PICKUP TRUCK ENTRY DIRECTIONS

2017 entry blanks do not have trucks in the circle a class line. If you are entering, please write in the word TRUCK and circle it, and fill out the entry blank like you normally would.
